\*Endangered – any species which is in danger of extinction throughout all or a significant portion of its range.

\*Threatened – any species which is likely to become an endangered species within the foreseeable future throughout all or a significant portion of its range.

\*Proposed – any species which is proposed for listing under the Endangered Species Act.

\*Candidate – plant and animal taxa considered for possible addition to the List of Endangered and Threatened Species. These are taxa for which the Service has on file sufficient information on biological vulnerability and threat(s) to support issuance of a proposal to list, but issuance of a proposed rule is currently precluded by higher priority listing actions.

\*Critical Habitat – for listed species consists of: (1) the specific areas within the geographical area occupied by the species, at the time it is listed in accordance with the provisions of section 4 of the Act, on which are found those physical or biological features (constituent elements) (a) essential to the conservation of the species and (b) which may require special management considerations or protection; and (2) specific areas outside the geographical area occupied by the species at the time it is listed in accordance with the provisions of section 4 of the Act, upon a determination by the Secretary that such areas are essential for the conservation of the species.

\*Non-Essential Experimental Population – A reintroduced population believed not to be essential for the survival of the species, but important for its full recovery and eventual removal from the endangered and threatened list. These populations are treated as "threatened" species except that the ESA's section 7 consultation regulations (requiring consultation with the U.S. Fish and Wildlife Service to reduce adverse impacts from Federal actions) do not apply (except where the species occurs within National Parks or National Wildlife Refuges) and critical habitat cannot be designated.

<sup>†</sup>If a Parish is not listed here, there are no known occurrences of a threatened, endangered, proposed, or candidate species, or their critical habitat, for that Parish.

**THREATENED AND ENDANGERED SPECIES****MAMMALS**

Bat, Northern Long-eared  
(*Myotis septentrionalis*)

Bear, Louisiana  
(*Ursus americanus luteolus*)

Manatee, West Indian  
(*Trichechus manatus*)

Panther, Florida  
(*Felis concolor coryi*)

Whale, finback  
(*Balaenoptera physalus*)

Whale, humpback  
(*Megaptera novaeangliae*)

Whale, right  
(*Eubalaena glacialis*)

Whale, sei  
(*Balaenoptera borealis*)

Whale, sperm  
(*Physeter catodon*)

Wolf, red  
(*Canis rufus*)

**BIRDS**

Crane, Whooping  
(*Grus Americana*)

Curlew, Eskimo  
(*Numenius borealis*)

Knot, Red  
(*Calidris canutus rufa*)

Pipit, Sprague's  
(*Anthus spragueii*)

Plover, piping  
(*Charadrius melodus*)

Tern, interior least  
(*Sterna antillarum*)

Warbler, Bachman's  
(*Vermivora bachmanii*)

Woodpecker, ivory-billed  
(*Campephilus principalis*)

Woodpecker, red-cockaded  
(*Picoides borealis*)

**REPTILES**

Alligator, American  
(*Alligator mississippiensis*)

Snake, Louisiana pine  
(*Pituophis ruthveni*)

Tortoise, gopher  
(*Gopherus polyphemus*)

Turtle, Kemp's (Atlantic) ridley sea  
(*Lepidochelys kempii*)

Turtle, green sea  
(*Chelonia mydas*)

Turtle, hawksbill sea

**GENERAL DISTRIBUTION IN LOUISIANA**

Bossier, Grant, LaSalle, Ouachita, Rapides, Richland, Union, and Winn Parishes; possible in Avoyelles, Bienville, Caddo, Caldwell, Catahoula, Clairborne, Concordia, DeSoto, East Carroll, Franklin, Jackson, Lincoln, Madison, Morehouse, Natchitoches, Red River, Tensas, Webster and West Carroll Parishes

Entire state

Lake Pontchartrain & tributaries on North shore; rare along Gulf coast

Entire state

Coastal waters

Coastal waters

Coastal waters

Coastal waters

Coastal waters

Cameron & Calcasieu Parishes

Experimental Population White Lake Management area, Vermilion Parish

Entire state

Coast

Entire state

Coast

Mississippi River, north of Baton Rouge; Red River, north of Colfax

Entire state

Entire state

Entire state (pine forests)

Entire state

Bienville, Natchitoches, Sabine, & Vernon Parishes

Washington, St. Tammany, & Tangipahoa Parishes

Coastal waters

Coastal waters

Coastal waters

( <i>Eretmochelys imbricata</i> )		
Turtle, leatherback sea	Endangered <sup>5</sup>	Coastal waters
( <i>Dermochelys coriacea</i> )		
Turtle, loggerhead sea	Threatened <sup>5</sup>	Coastal waters
( <i>Caretta caretta</i> )		
Turtle, ringed map (=sawback)	Threatened	Pearl & Bogue Chitto Rivers
( <i>Graptemys oculifera</i> )		

**FISH**

Sawfish, Smalltooth	Endangered <sup>2</sup>	Gulf of Mexico: Texas to Florida
( <i>Pristis pectinata</i> )		
Sturgeon, Atlantic	Threatened <sup>5</sup>	Pearl River & Lake Pontchartrain tributaries
( <i>Acipenser oxyrhynchus desotoi</i> )		
Sturgeon, pallid	Endangered	Mississippi River & tributaries
( <i>Scaphirhynchus albus</i> )		
Sturgeon, Shovelnose	Threatened (S/A) <sup>6</sup>	Mississippi River & tributaries
( <i>Scaphirhynchus platyrhynchus</i> )		

**INVERTEBRATES**

Mussel, Alabama heelsplitter (=inflated)	Threatened	Amite River, possible in Pearl River
( <i>Potamilus inflatus</i> )		
Mussel, fat pocketbook pearly	Endangered	Mississippi River
( <i>Potamilus capax</i> )		
Mussel, Louisiana pearlshell	Threatened	Bayous Boeuf, Rapides, & Rigolette drainages
( <i>Margaritifera hembeli</i> )		Rapides & Grant Parishes
Mussel, pink mucket pearly	Endangered	Bayou Bartholomew
( <i>Lampsilis abrupta</i> )		
Mussel, rabbitsfoot	Threatened	Bayou Bartholomew
( <i>Quadrula cylindrica</i> )		

**PLANTS**

American chaff-seed	Endangered	Allen & Beauregard Parishes
( <i>Schwalbea americana</i> )		
Earth fruit	Threatened	Caddo, DeSoto, & Winn Parishes; possible in
( <i>Geocarpon minimum</i> )		Bienville, Caldwell, Morehouse, & Sabine Parishes
Louisiana quillwort	Endangered	Washington & St. Tammany Parishes
( <i>Isoetes louisianensis</i> )		

**AMPHIBIANS**

Frog, Dusky Gopher	Endangered	St. Tammany Parish Critical Habitat
( <i>Rana sevosa</i> )		

<sup>1</sup>The Florida panther, red wolf, Eskimo curlew, and ivory-billed woodpecker are presumed to be extinct in the state.

<sup>2</sup>The National Marine Fisheries Service, St. Petersburg, Florida, has consultation authority for these species.

<sup>3</sup>There has been no confirmed Bachman's Warbler U.S. nesting ground sighting since the mid-1960s, however, several sightings of the species have occurred on wintering grounds during the last decade. This species may be extirpated in Louisiana.

<sup>4</sup>For law enforcement purposes the alligators in Louisiana are classified as "Threatened due to Similarity of Appearance." They are biologically neither endangered nor threatened. Regulated harvest is permitted under State law. September 21, 1998.

<sup>5</sup>The U.S. Fish and Wildlife Service and the National Marine Fisheries Service share consultation authority for these species.

<sup>6</sup>For law enforcement purposes shovelnose sturgeon are classified as “Threatened due to Similarity of Appearance” wherever they coexist with the endangered pallid sturgeon. They are biologically neither endangered nor threatened but this designation extends the ESA take prohibitions to shovelnose sturgeon, shovelnose-pallid sturgeon hybrids and their roe when associated with a commercial fishing activity.
